

Directive 2014/68/EU

Adopted by WGP : 08/01/2016

Adopted by CLAP : 08/01/2016

Directive References: Article 4§1(a)(b)

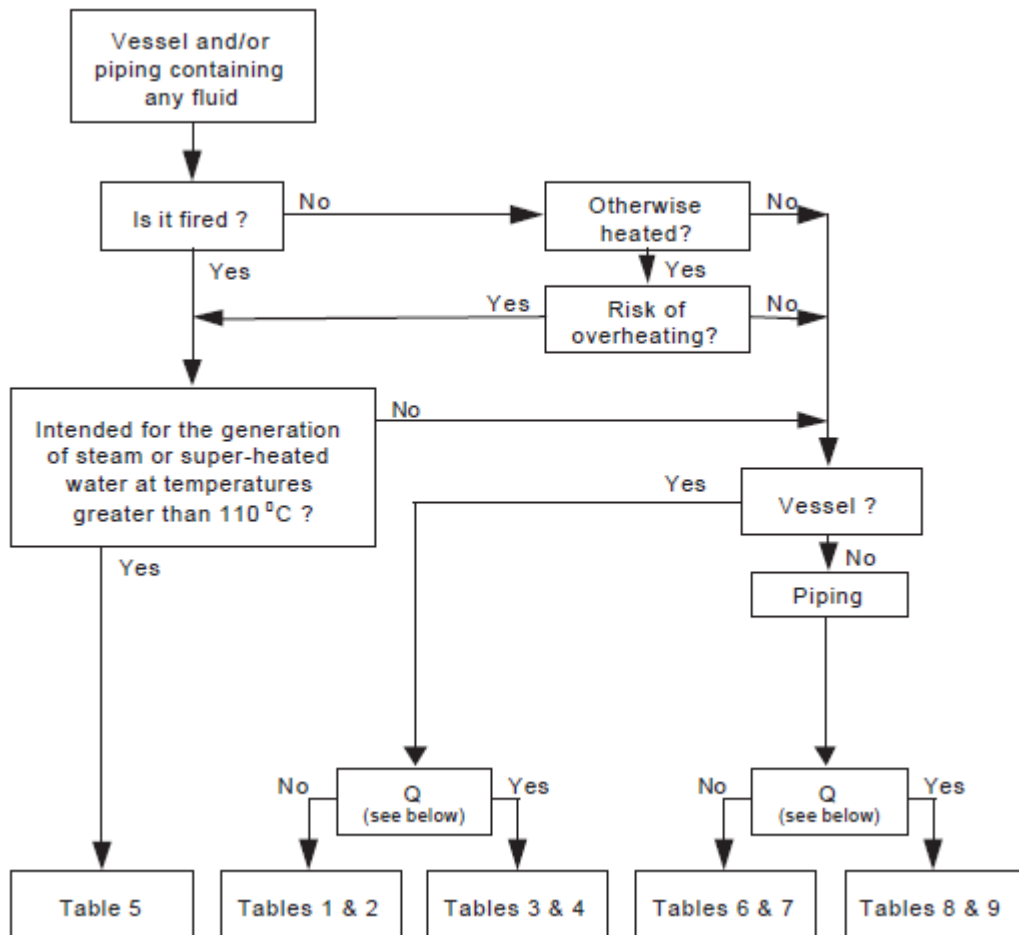

Article 4 § 1 (c)

Annex II

Subject: Classification – Use Article 4, paragraph 1 to determine the table in Annex II

Question: How can manufacturers use Article 4, paragraph 1 to determine the appropriate conformity assessment Tables in Annex II?

Answer:

Q : Does the vessel or piping contain liquid whose vapour pressure at the maximum allowable temperature is not more than 0,5 bar above normal atmospheric pressure?
