

Directive 2014/68/EU

Adopted by CLAP : 13/09/2018

Directive References: 13/09/2018

Subject: Scope – Pressure reducer

Question: Are the pressure reducers covered by the directive 2014/68/EU?

Answer: Yes.

A pressure reducer is a pressure accessory as defined in Article 2 (5), in which the fluid enters at a given pressure and exits at another pressure at a given flow without any safety function.
