FORM N°136

Version : 5

Directive 97/23/EC

Keywords : Used pressure equipment

Directive references:

Adopted by WPG: 28/06/2005

Adopted by CLAP: 28/06/2005

Subject: New approach – Used pressure equipment

Question:

Shall the pressure equipment directive be applied to used pressure equipment imported from another country of the European Economic Area (EEA), if it was not manufactured under the regime to PED?

Answer:

No, but national legislation of the receiving country in question will apply.

Reason: Guide to the Implementation of Directives Based on New Approach and Global Approach, point 2 "Scope of New Approach directives" (footnote 20 to be noted) and point 9.1 "The agreement on the European Economic Area".

Modifications compared to the previous adopted version: copy of the Guideline 10/2 (28/06/2005).
