97/23/EC	Keywords :	Accumulator	Electrical equipment
		Vessel	
Direct	ive references:	Article 1 § 3.12 - 97/23 EC	
opted by WPG:	18/03/2004	Adopted by CLAP:	18/03/2004
Are fluid power accumulators intended for the operation of high-voltage electrical equipment covered by exclusion 3.12 of article 1?			
er: No, these accumulators are covered by the Pressure Equipment Directive.			
Reason: The exclusion of article 1 paragraph 3.12 covers only the enclosures of the high-voltage electrical equipment and not the items of pressure equipment supplied with these high voltage electrical products.			
See also CLAP 11 - Guideline 1/19.
