

Directive 97/23/CE**Keywords:**

Competent body

Quality assurance

Material

Manufacturer

Directive reference:

Annex I § 4.3 - 97/23 EC

Adopted by CLAP:

27/11/2003

Subject:

ESR on materials - Quality assurance system of Material manufacturer

Question:

A material manufacturer has an appropriate quality assurance system which was subject to a specific assessment for materials, certified ISO 9000 by a competent body not established within the Community, but having recognition agreement with European competent bodies through International Accreditation Forum. Does this comply with the requirements of Annex I § 4.3?

Answer:

No.

See CLAP 79 - Guideline 7/2.

Modifications compared to the previous adopted version: Deletion of the references to WPG and editorial correction on 2004-09-16.
