

Directive 97/23/CE**Keywords:**

CE marking

Notified body

Identification

Manufacturer

Directive reference:

Article 15 - 97/23 EC

Annex III - 97/23 EC

Adopted by CLAP:**12/11/1997****Subject:** Conformity assessment – CE marking and identification number of the notified body**Question:** In annex III, the conditions of affixing the identification of the notified body are presented in a different manner in function of the modules.

How to translate it materially?

Answer: Article 15 § 1, 2nd clause precises that "the CE marking shall be accompanied by the identification number of the notified body involved in the production control phase".

As a consequence, the identification number of the notified body, when required, is an integrant part of the CE marking. It is in all cases materially affixed by the manufacturer.
